Firm/Position:

Butler Rosenbury and Partners
Architect, Vice President & Business to Business Studio Leader

Organizational Memberships:

Jeffery is a licensed architect in the state of Missouri. He is an active member of the American Institute of Architects and served nine years on the Springfield Component Board of Directors, receiving an AIA Distinguished Service award in 2005 while serving as President. He serves as a liaison for the Springfield Component on a joint committee with the Springfield Contractors Association and the local Government building officials. He has served as an Adjunct Professor for Hammons School of Architecture at Drury University and frequently participates as a guest critic. He is a member of the Developmental Issues Impact Group for the Springfield Chamber of Commerce, a past recipient of *Springfield Business Journal's* "40 Under 40" award and a graduate of the Springfield Area Chamber of Commerce Leadership Springfield program, where he currently serves on the Continuing Education Committee. He is a member of the USGBC Heartland Chapter and also a member of Springfield's Southeast Rotary club, where he serves on the Community Projects Committee. In addition to serving on the PBA for the College of Architecture at Kansas State University, Jeffery also serves on the Professional Advisory Council for Hammons School of Architecture at Drury University.

Area of Specialty/Current Job Description:

As the Business to Business Studio Leader at Butler Rosenbury and Partners, Jeffery manages a studio staff of 8 and is responsible for local and regional commercial and high end residential projects, cost and quality control and client relations. His varied project experience includes multi-family housing, full and limited service hotels, restaurants, financial institutions, religious structures, convention and civic centers, educational buildings for K-12 and higher learning, industrial and manufacturing facilities.

Professional Expertise:

Jeffery's expertise is in team building and people and project management. Architecturally, Jeff is considered an expert in underground facilities with more than 10 years experience and over 20 completed underground projects for clients such as; Springfield Underground, Boone Quarries, City Utilities and SpringNet. Jeff also has extensive project experience with Hospitality projects, financial buildings and Facilities Analysis regarding the evaluation of existing buildings and life cycle costing.

Areas of Interest to KSU Students and Faculty:

Participation in Class project discussions, desk critiques when available, progress reviews and/or final presentation critiques.
