## Education

**University of Oregon**, Eugene, OR  
*Master of Architecture*, December 1998

- Terminal Project: "La Chiesa del Redentore: An Organic Composition"  
Advisors: Professor Andrew Morrogh, Department of Art History  
Professor Virginia Cartwright, Department of Architecture

**Miami University**, Oxford, OH  
*Bachelor of Environmental Design*, December 1990

- Attended **Washington-Alexandria Architecture Center**, Alexandria, VA, January 1989-December 1990.
- President's List, Second Semester, 1988-89.
- Freshman Honors, 1986-87.
- A.R. McMicken Memorial Scholarship, 1986-87.

## Teaching Experience

**Kansas State University**, Manhattan, KS  
Department of Architecture  
*Assistant Professor*, August 2007-Present

- *ARCH 605: Architectural Design Studio V*, Fall Semester, 2007
- *ARCH 716: Seminar: Regionalism and Sustainable Design*, Fall Semester, 2007

**University of Oregon**, Eugene, OR  
Department of Architecture  
*Graduate Teaching Fellow*, January 1998-March 1998

- *Basic Computer-Aided Design*, Winter Term, 1998  
Prepared the syllabus and conducted independent classroom instruction in AutoCAD R14 for Windows.  
Coordinator: Professor Nancy Cheng, AIA

*Teaching Assistant*, January 1997-March 1997

- *Introductory Architectural Design Studio*, Winter Term, 1997  
Assisted in teaching the first year studio sequence including individual desk critiques, group discussions, field trips, and reviews.  
Coordinator: Professor Glenda Utsey

## Professional Experience

**SERA Architects, Inc**, Portland, OR  
*Senior Project Architect*, April 2005-July 2007

- Responsible for project delivery from concept to completion.
- Mentored younger staff on the issues surrounding the building envelope and architectural detailing.
- Involved in defining and implementing project delivery practices.

Mixed-Use: Commercial/Housing

- Coordinated the planning and environmental review process and the design development and detailing of the building envelope for the Wilshire Center Condominiums in Los Angeles, CA. This 986,000 square foot project includes two subterranean parking levels, ground level retail lease space, three above-grade parking levels, one 22-story condominium tower, and one 15-story condominium tower.

# Michael McGlynn, AIA, LEED AP

---

- Detailed the building envelope for The Civic Apartments in Portland, OR. This six-story affordable housing project includes three subterranean parking levels, ground level retail lease space, and 130 units in five levels above.

## **Otak Architects, Inc**, Lake Oswego, OR

*Project Architect*, December 1999-April 2005

### Civic

- Assisted in the sustainable design effort for the Tempe Transportation Center in Tempe, AZ. This three-story, 31,000 square foot mixed-use building includes the City of Tempe Transportation Department and Operations Center, a community meeting room, office and retail lease space, and a bike station. My primary responsibilities included preliminary energy modeling using Energy Scheming 3.0, assisting in the development of design strategies to optimize building performance, and coordinating the architectural LEED documentation. The project team hopes to attain LEED-NC 2.1 Silver Certification.

### Educational

- Coordinated the Albina Head Start McCormack-Matthews Center project in Portland, OR, from conceptual design through construction administration. This two-story, 14,075 square foot building includes three infant/toddler classrooms, three preschool classrooms, a computer lab, and a multipurpose room.

### Commercial

- Detailed the exterior of the ODS Health Plans Regional Office in La Grande, OR, a two-story, 21,000 square foot building with a dental hygiene school at ground level and a branch office above.

### Housing: Townhouse and Mixed-Use: Commercial/Housing

- Developed the design and produced the construction documents for Meridian Village Townhomes and Mixed-Use in Beaverton, OR. The townhouses include 31 units in five buildings. Three mixed-use buildings provide ground level retail lease space with a total of 12 two-story apartments above.

### Housing: Senior

- Supervised a team of four through the design development and construction documentation of Conter Estates Senior Housing, a three-story, 75 unit apartment building in Commerce City, CO.

### Housing: Multi-Family

- Designed Sierra Pointe Multi-Family Housing, an 11 building, 176 unit affordable housing project in North Las Vegas, NV.
- Coordinated construction documentation of Plum Meadows Multi-Family Housing, a 162 unit affordable housing project in Vancouver, WA.

### Housing: Townhouse

- Designed and produced the construction documents for the Woodland Park Townhomes, a nine building, 45 unit townhouse development in Hillsboro, OR.
- Designed the Timberhill Townhomes, a 28 building, 100 unit townhouse development in Corvallis, OR.

### Housing: Condominium

- Detailed the building envelope for the Eagle's Loft Condominiums, a 17 building, 136 unit development in Clackamas, OR.

### Planning/Urban Design

- Supervised a team of three in an urban design study for the new neighborhood center of the HOPE VI New Columbia Redevelopment in Portland, OR.
- Participated on a team to develop three conceptual designs for the reuse of an historic milling property at the east end of downtown The Dalles, OR.

## **Anderson Dabrowski Architects, LLC**, Portland, OR

*Job Captain*, July 1998-December 1999

### Religious

- Assisted in the development of the master plan and schematic design for the Trinity Lutheran Church in Hillsboro, OR. Responsibilities included preparing multiple phasing options for consideration by the twelve-member committee and coordinating with the contractor to determine preliminary pricing.

### Healthcare

- Designed a locker room addition and interior remodel for the Physical Therapy Department at North Lincoln Hospital in Lincoln City, OR.

# Michael McGlynn, AIA, LEED AP

---

## Housing: Single-Family

- Assumed primary responsibility for the completion of a large residence located on a steeply sloping site in Portland, OR. Responsibilities included design development, construction documentation, and construction administration.

## **Farrell Consulting Group, PA**, Silver Spring, MD

*Intern Architect*, June 1995-June 1996

## Housing: Townhouse

- Coordinated and produced the construction documents for the Sligo Mill Townhouses in Takoma Park, MD.

## Tenant Improvement

- Produced the construction documents for the interior renovation of the Hechinger Company Headquarters in Landover, MD.

## **Gauthier, Alvarado & Associates, Inc**, Falls Church, VA

*Intern Architect*, November 1994-June 1995

- Produced working drawings for government and commercial clients.

## Religious

- Designed the renovation of St. Mark's Activity Center in Vienna, VA. Responsibilities included schematic design, budgeting, finish and fixture selection, and client contact.

## **Wnuk Spurlock Architecture**, Washington, DC

*Intern Architect*, January 1994-September 1994

## Housing: Single-Family

- Participated in the production of construction documents for a large residence in Victoria, TX.
- Designed and produced the construction documents for small-scale projects, including a kitchen renovation and a breakfast room addition.

## **Cannada Design**, Washington, DC

*Intern Architect*, September 1991-October 1992

- Participated in multiple aspects of project development including client contact, schematic design, construction documentation, and permit processing.

## Housing: Single-Family

- Designed and produced the permit documentation for a townhouse basement apartment.

## Registrations/Memberships/Affiliations
